BURGLARY NETS WHISKEY, CASH IN NILES CRIME

The rash of burglaries which lately has been cropping out here and there in southern Alameda county, this week spread to Niles when Joe's Corner was entered early last Tuesday morning.

The bar, belonging to Joe Vivieros, was burglarized of nearly $100 in cash, which was not in the safe, and a quantity of liquor valued at between $300 and $400.

The burglars removed a glass from the skylight to gain entry and let themselves down 22 feet to the floor. They escaped by placing a ladder below the skylight.

Their attempt to open the safe, containing nearly $250, was unsuccessful.

COMMUNITY CHEST TOWN CHAIRMEN ARE SELECTED

Committee members of Washington Township Community Chest met in the court room at Centerville Wednesday evening to formulate plans for the fund-raising campaign scheduled to open here Dec. 2.

Two additional town chairmen, Irving Hird, Centerville, and Mrs. Lois Bottenberg, Mission San Jose, were named at Wednesday night's meeting to head the drive in their communities.

Edward Enos, Niles, township Community Chest chairman, announced that although the drive does not officially open here until Dec. 2, three advance gifts have been received. Donations accepted during the past week included Leslie Salt Company, $100; County Employees, $145, and the Pacific Coast Aggregate Company, $25.

The new Chest is being incorporated as a non-profit corporation under the laws of California by Judge Allen G. Norris.

The complete list of town chairmen who will supervise the drive in their community includes:

Centerville—Irving Hird
Decoto—P. J. Faletti
Alvarado—F. W. Katzer
Niles—E. Dixon Bristow
Newark—R. A. Jolly
Irvington—V. F. Leal
Warm Springs—John Souza
Mission San Jose—Lois Bottenberg.

HARVEY BRAUN HAS NEW POSITION IN EAST OAKLAND

After 26 years as station agent for the Southern Pacific Company in Niles, this week Harvey Braun took another position, with the same company, as agent at the 14th Avenue and Eighth Street station in East Oakland.

Mr. and Mrs. Braun, who have lived in Niles for 35 years, have not made any immediate plans for moving away from Niles. Braun is quite satisfied with his new location and isn't too unhappy about the daily commuting. So the Brauns' many friends who would hate to see them leave, can rest assured that they will probably remain here.

To date, the position vacated by Braun at Niles has not been permanently filled.

CONTRACT AWARDED FOR SCHOOL BUSES

Members of the Washington Union High School board of trustees met Tuesday evening to open bids for two new school buses. The bids were submitted by Centerville Chevrolet Company with a bid of $4,600.40, and Joe Adams, Centerville Ford dealer, at a price of $4,353.71 per bus.

The contract was awarded to Adams and he has promised delivery on the two new vehicles within 60 days.

J. V. Goold, superintendent of the high school, stated yesterday that the new buses will replace the two old buses now in use. He also stated that due to the influx of students more transportation is now necessary.

Goold pointed out that the old buses which are to be replaced phave more than paid for themselves by doing double duty hauling cannery workers during the summer months and high school students during the school season.

The old buses will be put up for sale as soon as they are replaced.

JOINT YULE FETE FOR LEGION AND AUXILIARY

A joint Christmas party of the Washington Township Post, American Legion, and the Legion Auxiliary will be held on the night of December 21, it was announced this week following a meeting of the groups.

Marie Duarte of Centerville has been named chairman of arrangements for the Auxiliary and George Smith for the Post.

The affair promises to be festive and one that will attempt to make up in Christmas spirit what many of the Legionaires missed during the long war years.

Taken in the Auxiliary as a new member following Wednesday night's meeting of the body was Evelyn Garcia of Irvington.

Mrs. Myrtle Corey, chairman, called the meeting to order.

NEW MARQUEE FOR NILES THEATER

A new V-shaped marquee is being installed over the entrance to the Niles Theater this week. The new marquee will be illuminated with neon and will display the name of the current attraction in black letters on a white background.

Bill Helm, manager, stated that a new verticle sign would also be installed spelling out the word NILES.

HOLD LAST RITES FOR MRS. SANOSUKI KUROTORI

Funeral services for Mrs. Tamaye Kurotori, 63, of Alvarado, were conducted Nov. 5 at the Chapel of the Palms in Centerville.

Mrs. Kurotori died at her home at 1517 Fifth street, Alvarado, October 29, but funeral services were delayed to allow the return of a son stationed in Japan with the United States Army Intelligence Corps.

She is survived by her husband, Sanosuki Kurotori, and a son, Harry.

ROTARY CLUB LADIES NIGHT DECEMBER 5 AT 'KITCHEN'

December 5 is the night when the Rotary Club of Niles will again entertain the ladies.

Ladies night will feature a dinner and entertainment — but no dancing — at the International Kitchen. Those in charge promise an interesting and festive occasion, and the ladies are already making preparations for the event.

Coming Events

FRIDAY—
Rebekah Initiation Ceremony at Niles.
Football game, Washington High vs. Gilroy at Gilroy (night).
SUNDAY—
District No. Three Communion of Y.L.I. commemorating the Diamond Jubilee at Corpus Christi Church, 8:30 mass.
TUESDAY—
Newark Chamber of Commerce meeting at 8 p.m., at Pavilion.
WEDNESDAY—
Ladies' Guild at Niles Congregational Church.
Postmasters meeting at International Kitchen.
Washington Township Boy Scout Rally at high school gymnasium, 7:30 p.m.
THURSDAY—
DeGuadalupe, Y.L.I., benefit whist at Odd Fellows Hall, Niles.

IRVINGTON SCHOOL PLANS FOR EXPANSION

* * * * * * * * *

CONFIRMATION AWAITED FOR 3 BUILDINGS

The possibility of an addition of three buildings to the Irvington Elementary School, one of which would house a complete stock of cafeteria equipment, is pending this week while members of the school board of that district await official confirmation from Washington.

Gus Robertson, principal of the school, stated this week that the San Francisco office of the War Assets Administration had approved the application and had forwarded the request to Washington. "They assured us we would have written confirmation of approval within 4 hours," he stated yesterday.

BUILDINGS FROM GARDNER

The three buildings, furnished by the government to the school, would be a structure 25 by 99 feet to be used as a cafeteria; a 25 by 80 foot building for class rooms and a 37 by 99 foot building to be used as a scout hut for Boy Scouts, Girl Scouts, Cub Scouts and other youth activities.

All of the buildings, which are now located at Gardner Field where they were used by the Army during the war, would be moved to the school grounds in Irvington.

Pointing to the need of a new cafeteria for the school, Robertson stated this week that at the present time 250 students are being fed in a small reconverted classroom.

Working with Robertson on acquiring the new facilities through the government W.A.A. officers are the members of the Irvington school board, E. A. Griffin, Leslie Hiller and Joe Silveira.

PERMANENT UNITS LATER

Present plans call for the use of the government buildings temporarily for the next three or four years until adequate materials are available to build permanent structures on the school site.

Robertson pointed out that by acquiring the government buildings and buying the equipment through the W.A.A. at a one hundred per cent discount, the new improvements are to be made at an estimated saving of $40,000 to the taxpayers of the community.

The present cafeteria, operated under government subsidy plans, now serves a variety of wholesome food on its noon-day lunches. A typical menu for one day this week was: stew, choice of whole wheat bread and butter or whole wheat bread and peanut butter sandwiches; choice of fruits or baked apple and milk.

FULL EQUIPMENT

Equipment for the proposed cafeteria would include:

Walk-in freezer, six-compartment reach-in refrigerator, three-section gas range, one bank of ovens, two kettle ovens, one electric vegetable peeler, one meat slicer, one dish sterilizer, one automatic dish washer, double coffee maker, two steam tables, one sink, wash trays, one coolerator, mobile serving tables, vegetable steamer, building heating and air conditioning unit.

DECOTO CHAMBER ASKS FOR ZONING

The Decoto Chamber of Commerce on Tuesday evening voted to ask the county board of supervisors that the Decoto school district be zoned. Decoto thus becomes the third township community to ask for zoning, Newark and Niles having made requests to the supervisors.

Tuesday's meeting, the regular monthly session of the Chamber, was held at the Decoto fire house and was conducted by President P. J. Faletti. Guests included Supervisor Chester E. Stanley, A. J. Petsche and L. R. Batman.

Petsche, local P. G. & E. manager, explained that the 20 new street lights which have been ordered for Decoto by the board of supervisors, will be installed when labor and equipment are available. Time of installation remains extremely uncertain, he said.

Stanley and Batman explained the zoning ordinance, following which explanations, the Chamber voted to ask for zoning.

A program of improvement of certain streets in Decoto was announced by Supervisor Stanley, who said that improvements will include paving of Ninth street to A street, A street to Whipple road, Tenth street from H to D, and E street for a block on each side of Tenth.

Refreshments were served following adjournment.

TWO INJURED WHEN CAR OVERTURNS

Dominic Joseph Pelatti, 506 Keyes street, San Jose, and Harold Aubrey Moulton, RFD 1, Campbell, were injured Monday when the pickup truck driven by Moulton went out of control and overturned at the foot of Escabar Hill near Mission San Jose.

Both men were taken to Fairmont Hospital in San Leandro in the Dallas E. Paul ambulance. Pelatti received chest and facial injuries and Moulton suffered a broken leg and facial wounds.

Jesus Corrales, RFD 1, Niles, was injured Monday when he lost control of his car north of Centerville on the Alvarado road and crashed into a telephone pole.

TOWNSHIP MAY GET LIFE-SAVING GEAR

The Promenaders, a social club of Irvington, this week voted to purchase a pulmotor from club funds for the use of the entire Washington Township in any emergency. If one of the life-saving devices can be purchased, members of the Irvington fire department will be trained in its operation and it will be housed in the station there, immediately available to all sections of the township.

Edward L. Rose was named as chairman of a committee to investigate the possibility of purchasing the equipment.

ROTARY HEARS TALK ON HOSPITALIZATION

Cost of hospitalization has risen tremendously in the last few years, according to Wm. P. Butler, manager of the San Jose Hospital, who addressed the Niles Rotary Club at its luncheon meeting yesterday at the International Kitchen.

Nursing cost in the period of a year has increased 44.6 per cent, he said. At the San Jose Hospital, the expense of the institution per patient day is $14.40.

Of particular interest to township residents, who are acquainted with the recent discussions pertaining to establishing a hospital here, were Butlers figures on hospital construction costs.

A multiple-story hospital building, he said, today will cost from $15,000 to $16,000; whereas a single story hospital will cost about $10,000 per bed.

UMBRELLA PARADE HERE WEDNESDAY

Washington Township residents dug their umbrellas out of mothballs Wednesday when a low-pressure area moved into this section, bringing scattered showers amounting to .21 of an inch, according to the gauge at the Southern Pacific depot in Niles.

The light showers continued in an off-and-on fashion throughout the entire day and the sky remained threatening Thursday, but began clearing about noon to make way for a cloudless sunset.

Total precipitation for the year reached 1.09 inches with Wednesday's showers.

E. DIXON BRISTOW

DEDICATE HONOR ROLL AT DECOTO

Before an estimated crowd of 1,500, the monument honoring the 231 youths of Decoto who served in the armed forces was unveiled at a dedicatory ceremony held at that community Sunday, Nov. 10.

Preceding the ceremonies, a parade comprised of veterans of World War I and II. American Legion members, Boy Scouts, Gold Star Mothers, the Decoto Fire Department and headed by the Washington Union High School band, marched from the intersection of Tenth and "I" streets to the site of the monument.

Rev. T. Hennessy, pastor of Corpus Christi Church, Niles, opened the ceremonies with the invocation. Lewis Musick, master of ceremonies, then introduced prominent guests who were seated on the speaker's platform.

E. Dixon Bristow, principal of the Niles Elementary School, delivered the dedication address.

In his stirring address, Dixon stressed the importance of continuing to fight for a world of peace, just as we fought to put an end to the war.

"A quarter of a century ago war and its ugly head reared itself above our national horizon and challenged our way of life," he stated. "We accepted that challenge and the veterans of World War I here assembled are evidence of how successfully we challenged and defeated that challenge. Yet during the years that followed there grew and was developed a threat far more sinister than anything history has to record.

"Again our country accepted that challenge and your sons and daughters found themselves following the footsteps of their fathers and mothers.

" . . . All who went forth did not return. From this community there are many gold stars. They gave the supreme sacrifice that this country might live as our fathers deemed it should live, a free and independent nation.

" . . . To the Gold Star Mothers here present, we offer a silent prayer that their dead shall not have died in vain. Humbly do we bow our heads, fervently do we pray, that from your honored dead there shall arise an increased

MISSION FRUIT GARDENS WERE KNOWN TO TRAVELERS LONG BEFORE GOLD FIND

(Third installment of early history as taken from our files)

It has been claimed that some members of the Portola expedition of 1769 were in the "Valle de San Jose," but this is highly improbable, the first authentic Spanish visit being of Commandant Fages, in April, 1772, who, first marching from Monterey to Santa Clara, then going north along the east shore of the bay, camped all night on the Alameda creek, near the present site of Niles. He was amazed at the numbers of elk, deer and bears feeding in the valley on each side of the stream. Capt. San Juan Batista, in 1773, taking much the same course as that of Fages, shot three immense elk, whose horns were eight feet from tip to tip.

The Moraga expedition a few years later, described by Father Palou, started from San Pablo, went south to Alameda creek and, following the Niles Canyon, crossed at last to the San Joaquin, which river was then named Moraga. When Don Diego de Borcia became governor of Alta California in 1794, he sent out an expedition under Don Pedro de Allerni, to study and report upon the natural resources of various districts, and the regions around the Alameda and Mission creeks were carefully examined.

Little by little the Spanish soldiers and Mission fathers explored and took possession of the country. On June 11, 1797, Padres Lemeu, Barcenilla, and Merino planted a great wooden cross, and thus began the Mission de San Jose. They rang a bell and the Indians assembled from many a village; they sang the litanies of the saints, celebrated mass, and preached to the soldiers and Indians, and then closed with the Te Deum.

TWO INDIAN TRIBES HERE

According to the Indians traditions, two tribes dwelt in this region before the Spanish came; one occupied the bay shore from Warm Springs to Alvarado; the other, though touching the bay at Alviso, dwelt chiefly in the foothills and

(Continued on page 4)

Business Men of Niles Move Toward Improving Alameda County Fair

In a step toward bringing the Alameda County Fair into its own as an exhibit of the agricultural and industrial wealth of the county, the Niles Chamber of Commerce, meeting Tuesday noon at the International Kitchen, voted to investigate the possibilities of forming a new group to supplant the present Fair Association in the operation of the fair.

Heading a committee of his own choosing to consider the project is Dr. T. C. Wilson of Niles, who was appointed by President L. R. Batman following adoption of a motion that the Chamber seek to find "ways and means" of having a county fair that is something more than a racing meet.

The local Chamber's action was taken in view of unofficial information that the present Fair Association will no longer be interested in the operation of the county fair as soon as certain allegations in regard to irregular disposition of fair profits, which have been made by the District Attorney's office and widely publicized in metropolitan papers of the East Bay, are cleared up.

Two weeks ago the Chamber voted for the appointment of a resolutions committee to express to the county Board of Supervisors the attitude of the local Chamber.

Last week the resolution, drafted by a committee consisting of Dr. T. C. Wilson (chairman), Vernon Ellsworth and George C. Roeding Jr., was tendered to the supervisors.

Tuesday's action by the local organization has been the first step toward salvaging the county fair for Alameda County with a view toward operating it as primarily a display of county agriculture and industry.

It has been repeatedly stated at recent Chamber meetings that the action locally has no bearing whatever on investigations of insinuations regarding past operation of the fair, these having to do with fees claimed by William Kyne, Bay Meadows horse-racing magnate.

Dr. Wilson, who has not yet named his committee, this week stated that a meeting with the county Board of Supervisors or a representative of the board be asked in order to learn upon what basis the supervisors may be willing to cooperate with a new group to conduct operations of the fair.

HUSKIES DEFEAT CAMPBELL 14-8

By GORDON KIBBY

The Washington Huskies, after tying Santa Clara 0-0 last week, came back Friday to defeat Campbell 14-8.

The Huskies received the kickoff and took over on their own 35-yard line but were forced to kick on downs. Campbell took over but were also forced to kick. On the punt Leonard Smith fumbled on his own 3-yard line and recovered behind the goal, giving Campbell 2 points.

Washington kicked from its 20-yard line but Campbell was unable to make ground and the Huskies took over.

In the absence of Bernard, fullback, Chamness played the tailback position and did an excellent job.

A series of running plays highlighted by a 35-yard sprint by Chamness put the Huskies out in front 6-2. The pass from center to Smith holding for the conversion was bad, but Querner, Huskie tackle, who was in the kicking position, grabbed the ball and skirted his own left end for the extra point.

The second quarter was scoreless with neither team threatening. In the third quarter the Huskies worked the ball down to the Campbell 6-inch line but were halted by the Buccaneers.

Taking to the air in the fourth stanza, three passes to Moser, Nakamura and Holliday combined to tally a second touchdown for the Huskies and Querner's kick brought the score to 14-2.

Late in the quarter the Buccaneers completed a long pass which brought the score to 18-8 as the game ended.

On the previous day the Washington Puppies traveled to Campbell for an easy 12-0 victory.

Nov. 15 both the varsity and "B" teams travel to Gilroy for a night game. The "B' team plays at 6 p.m. and the varsity at 8 p.m.

OPEN IN NEW LOCATION

Mr. and Mrs. Harry McClellan, owners and operators of the Niles Cake Box, have opened their bake shop in the new location at 029 First street.

MANSLAUGHTER CASE CERTIFIED TO SUPERIOR COURT

Appearing before Judge Manley J. Clark in a preliminary hearing on a manslaughter charge in the Centerville courtroom, Friday, Nov. 8, Otis Haywood Carter, 34, of Alameda, was held to answer to the Superior Court in the death of Manuel Martin, 61, of Newark.

Judge Clark, Justice of the Peace in Murray Township, Livermore, was on the bench for Justice Allen G. Norris of Centerville. Justice Norris ruled that he could not hear the case by virtue of the fact that he had acted as counsel for the deceased Manuel Martin.

SURVIVOR TESTIFIES

It is alleged that Carter, an unemployed longshoreman, drove his car into a wagon driven by Manuel Martin who died of multiple injuries five hours after the accident on Oct. 25.

At the preliminary hearing Friday, Tony Silveria, also of Newark, who was riding in the wagon with Martin and received minor injuries, testified that the accident occurred at 4:39 on the afternoon of Oct. 25 on the Marsh Road near Alvarado. He stated that he saw the car approaching from the rear and estimated its speed at 50 miles per hour.

PINNED UNDER WRECKAGE

Silveria added that when the car struck the rear of the mule-drawn wagon he was thrown under the wreckage of the wagon. He pointed to Carter and stated that Carter lifted the wreckage and assisted him in getting free. In his testimony Silveria stated that Martin was driving the wagon partially on the sholder of the right side of the highway.

NO ATTEMPT TO STOP

Highway Patrolman Ellsworth Medina, who investigated the accident, testified that there were no skid marks indicating that Carter attempted to stop his car before the point of impact with the wagon.

In a signed statement made at the highway patrol office the day following the accident, Carter stated that he was riding alone in the car, that there were no cars approaching but that when he attempted to turn around the wagon his steering apparatus apparently locked and he was unable to swerve in time to avoid catching the left rear wheel of the wagon.

CORPORAL CONNER IS HERE ON FURLOUGH

Corporal John L. Conner, who is stationed at the Fort Bliss, Texas, Army anti-aircraft training center, is spending a 17-day furlough with his mother, Mrs. Flora Conner of Niles. Corporal Conner will leave Sunday to report back for duty.

OPEN TILL 7 P.M.

. . . At the Peephole . . .

To sum up the Niles Pet Parade last Friday, one of the town's wags remarked, "I was waiting for the parade and turned to say "hello" to a friend. When I turned back, the parade was gone!"

Perhaps the kids hurried so fast because they were anxious to get back to their lessons! Principal Bristow promised that next year the youngsters will march only two abreast and in slower tempo. But you did all right, kids. We all love you, and think you looked pretty cute!

A turkey raiser was the winner of the door prize—a turkey!—at the Centerville P.T.A. whist party Friday night. THE BAILEYS did NOT win that big sack of Alvarado potatoes they donated. They were won by L. R. Batman, ye editor of ye Township Register. MARGARET GEMININI had high score for the evening and was awarded a turkey as first prize.

Ask the TIMOTHY O'NEILLS of Irvington where they spent last week-end. Or perhaps you'd better not.

When asked if he had noticed any changes in Niles, Cpl. JOHNNY CONNER, who returns to Ft. Bliss, Texas, Sunday, after a two weeks' furlough, said, "Sure! the skating rink out here is swell now. No rough stuff, and everybody can have a good time!" Johnny, who has been in Texas for eight months, is anxious to get back to California to stay.

GLENN MOOREHEAD of Niles started collecting Italian stamps while he was in the service in Italy. His collection has skyrocketed in value until now he is looking forward to the time when he will be able to retire on his stamp collection. He's a bachelor, girls!

STONEY MAYOCK, intrepid duck hunter, got caught in the tides last week while hunting and his mother and brother, Doug, could do nothing but watch him in helpless dismay from a nearby hilltop. Eventually the tides changed course—as tides have a habit of doing—and Stoney finally got home. Nope, no ducks! Which reminds us, everybody is complaining about the duck shortage this year, in addition to other shortages.

One of our Niles merchants, following the burglary this week, now sleeps with a six-shooter under his pillow! Other merchants are showing signs of getting jittery. Some of them are now even locking their back doors!

Whatever you do, don't ask Deputy HENRY VERVAIS about the ROBBERY this week. Henry will tell you it was no ROBBERY—it was a BURGLARY! He wishes people—newspaper reporters in particular!—would learn the difference.

If you want to get a vivid description of the Decoto Memorial dedication last Sunday, ask Mr. D. R. REES, Niles druggist, who reports the occasion in glowing terms. He was especially impressed by the beautiful invocation by Father Hennessy, "and," continued the druggist enthusiastically, "how lucky Niles is to have such a speaker as Dixon Bristow!"

One of the most amusing sights in Niles is the "spy system" that operates among the business competitors of the town. It's almost as if they were "casing the joint" to see one business person, with the most elaborate casualness, take furtive looks into his competitor's store as he strolls by! Have fun, kids!

Shades of the pot-luck supper put on by the Niles P.T.A. last Tuesday night—All the youngsters beaming and boasting over the amount of food they had consumed. "Gee, mom," one youngster was heard to remark—"I.. had.. two pieces of pie, 'n a piece of cake, 'n ice cream!" After that recital, it was the mother who turned pale green, not the child!

There would be added still more confusion to the already large amount of confusion in this town over names if two Niles women had remained unmarried. Mrs. FRANCES MARA and Mrs. FRANCES GOMEZ were Miss FRANCES PETERSEN before they were married. Both ladies live in Canyon Heights. Speaking of names, how many LARRY SILVAS are there in this area? YOU count 'em!

Heard at the Peerless Bus depot in Niles:

Woman: "What time does the next bus leave?"

Gertie: "Which way are you going, honey?"

Woman: "Oh, I don't care, either way."

Tiny birds weighing less than an ounce migrate annually over the Himalayas between India and Siberia.

HINTS FOR HOMEMAKERS

DO RIGHT BY SMALL APPLIANCES

By the HOMEMAKING SPECIALISTS of the *General Electric Consumers Institute*

Do right by your appliances, and they will do right by you. It's only natural that clean, well kept toasters will make better toast; that carefully coiled iron cords will not break and short so easily. It's up to you whether you want efficiency plus. Get use and care habits—the right ones—and your day will be a flow of smooth-working, shining electrical servants.

In General

You don't need special tools, or mechanical training to do the simple everyday things that will preserve and prolong the life of your appliances.

Remember to disconnect all appliances before cleaning. Don't jerk the cords out by the roots; handle them gently. Never wrap cords around hot appliances — and don't let them become kinked or frayed. Keep the cords loosely wound and stored in a safe place. Use floor or wall outlets to connect your appliances — not light sockets.

Your Coffee Maker

Above all, handle the glass bowls with extreme care — gently. They're usually heat-resistant, of course, but sudden changes of temperatur may crack them, so don't put cold w ter in a hot bowl or hot water in a cold bowl. Don't let the lower bowl boil dry. And be sure it's dry on the outside when you put it on the range. Don't use force when fitting upper and lower bowls together. They're designed to fit well with very little pressure.

Good coffee is made in a clean coffee maker. Wash your coffee maker after each use with warm, soapy water and plenty of rinsing. Leave it unassembled between-times to permit circulation of air inside the bowls. If you use a cloth filter, keep it clean by washing in hot, clear water (no soap) and replace it when it becomes very stained.

Your Toaster

Don't let your toaster get "crumby"! Clean the inside with a soft brush to remove the crumbs, but don't hold it upside down and shake it violently. Some toasters have removable crumb trays to make the job easy. If the toast gets stuck, or a crumb or raisin refuses to budge, don't probe around the inside with a fork or a sharp instrument unless you want to take chances of a short circuit or injuring the toaster's innards.

Gooey sandwiches or buttered bread aren't to be made in a toaster. The butter or filling is likely to drip down and burn in the bottom.

Never immerse a toaster in water, but clean the exterior with a cloth wrung out in warm, soapy water, doing this only when the appliance is cold.

Your Roaster

Use a shallow roasting pan to cook a roast instead of placing the roast directly on the bottom of the cooking well. Then just remove and clean the pan, instead of risking damage to the porcelain bottom. It's easier, too.

The removable enamel cooking well should always be in place when the roaster is in use and it should always be cleaned after each use. Of course the lid should be cleaned, but during all this cleaning process remember that the heating element should be removed from the broiling unit.

Your Waffle Iron

To prevent sticking, heat a waffle iron to the right temperature before pouring in the batter. Wipe the grids lightly with a soft cloth or paper towel after each use, and cool the iron with the lid UP—never while it is closed.

If waffles burn, or if the iron overheats, scour the grids with a stiff brush and remember to re-oil the grids next time you make a waffle. Grids will clean more easily if a cloth saturated with household ammonia is placed between them for several hours.

MRS. BUFORD IS ADDED TO TEACHING STAFF

Mrs. Norma Louise Lyon Buford of Livermore assumed the duties of teacher of the seventh grade of the Niles Elementary School Tuesday.

Mrs. Buford formerly instructed in a Los Angeles county school.

BIG STOCK SHOW STARTS TODAY

With the stage set for the largest, most colorful and spectacular event of the kind in the west, the Grand National Livestock Exposition, Horse Show and Rodeo will swing open its gates in San Francisco today for ten thrill-packed days of education, recreation and relaxation.

The 54 acres occupied by the Cow Palace, largest exposition building of its kind in the country with its seating capacity of 12,000 will present an inspiring spectacle. Gay with flags, bunting, and flowers, it will afford ample accommodations for the 200,000 total attendance anticipated. A dozen huge circus tents, covering 200,000 square feet for the record entry of cattle, sheep and swine, will add their touch to the carnival atmosphere.

With an increase of over 40 per cent over the inaugural Grand National in 1941, the livestock divisions will constitute the greatest display of its kind in the history of the west. The cream of the flocks and herds of the most famous ranches from a score of states as far east as Illinois, Iowa, Kansas and Kentucky, will battle for the $72,500 cash awards. In all there will be 2892 entries of beef and dairy cattle, sheep and swine. Beef cattle head the list with 1395 head. There will be 583 head of dairy cattle. Sheep will be third with 493 head and swine with 421 entries.

HOBOS FIRE GETS OUT OF CONTROL MONDAY

The Niles Fire Department was called out at 5 a.m. Monday to extinguish a grass fire along the banks of Alameda creek between the highway bridge and the Western Pacific tower.

Fire Chief Clarence Crane reported that the blaze apparently started from a fire that hobos had built under the highway bridge to keep warm during the night. The fire was extinguished before it spread to any nearby buildings.

The so-called Alexander Plan was the forerunner of the Central Valley Project of California.

PUBLIC INVITED TO BOY SCOUT RALLY

The first Boy Scout rally to be held in two years will take place in the Washington Union High school gymnasium Wednesday evening, Nov. 20, with all the troops of the township participating.

Scouts from the two troops in Niles and the troops in Decoto, Centerville, Newark and Irvington will compete for the traveling trophy. Centerville and Newark are now co-holders of the trophy by virtue of their tie for first place at the last rally.

At the rally Wednesday evening the Scouts will compete in signaling, fire-making by friction and flint and steel, first aid, knot tying, an undress race and a mystery event.

Judge Alen G. Norris of Centerville will deliver the opening address of welcome.

The public is cordially invited to attend the contests and the scout commissioners have pointed out that all the events will be staged so that the spectators may watch each contestant. In the knot tying contest a large rope will be used by scouts not participating to demonstrate the type of knots being tied by the contestants.

Otter skins taken during the 1944-45 trapping season in California brought an average price of $11.11.

Isaak Walton gave the trout fly tying hobby its greatest impetus.

The Army Ground Forces offers you A NEW LIFE OUT THERE

Look toward Korea and Japan! A thrilling new job and a new life—with interesting work, sports, entertainment and travel opportunities—can be had for the asking by qualified young men who volunteer for the 1st Cavalry, 11th Airborne, 6th, 7th, 24th or 25th Infantry Divisions.

What an opportunity . . . what a *job!* Training in one of these crack units will stand you in good stead wherever you go. Study a foreign language. Learn the fascinating details of Military Government—so vital to future peace and prosperity.

Japan's "Isles of Pines" are but a sample of the attractions of an Army career in the Far East. The Army has reopened comfortable hotels, theaters, swimming pools, tennis clubs, golf courses, ball parks. These — familiar haunts of pre-war tourists — and many *new* developments — provide a broad choice of recreation.

Not everyone can measure up to this job. Only 3-year enlistees who meet prescribed physical and mental standards can enjoy the benefits of such a job. High overseas pay, good food and lodging and a generous retirement plan make your future in the Army Ground Forces too good to miss! See your nearest Army Recruiting Officer for full details.

• Listen to: "Sound Off," "Warriors of Peace," "Voice of the Army," "Proudly We Hail," and Major Football Broadcasts on your radio.

It's a Crime

Some months before the end of the war we heard Sheriff H. P. Gleason talk before the Niles Rotary Club on the prospect of increase in crime which would follow the end of the war.

That time, quite apparently, is here.

Burglary, burglary, burglary.

From a news standpoint, it's getting quite monotonous. Today, burglary in Washington Township is not news.

Following the recent burglary of a pharmacy in Newark, a bank in Irvington, and the post office in Newark, we heard the comment in Niles: "It won't be long before they get around to us."

Last Tuesday morning they did.

Of course, burglars don't read editorials, so we can't aim this editorial at burglars.

So, we direct our comments to Sheriff H. P. Gleason.

We are not blaming, however, we are suggesting. And we want to say this:

A portion of our county taxes goes to paying for the services of your department. You operate this department of county government to prevent crime, by making crime difficult and by apprehending criminals so that they may be removed from the opportunity of committing repeated crimes.

Your service to the county is very similar to the service of a fire department. That is, to try first to prevent fires, and then to stop fires. If you have only 10 men to do a job for 20, you have to have more fire equipment and more firemen.

It's that simple.

The small protection afforded by your department in Washington Township amounts to an invitation to burglars.

You need more officers in this area, more patrol cars. You'll admit this. Then you'll cite the difficulties of getting more officers and cars. And we'll concede this.

But no matter how you figure the problem, the answer comes out the same: We need better policing in Washington Township.

This is your job, Sheriff Gleason.

Please see what steps you can take toward doing it.

The Fuss About the Fair

We went to the Alameda County Fair once two years ago and, frankly, we didn't do so well at playing the horses. So—since there was practically nothing to be seen at the fair except horses running around a racetrack for adventure of bettors, we didn't go last year.

A county fair ought to be something that everybody—regardless of his interest in betting on horses—would want to go to. It ought to have exhibits of hogs and sheep and cattle and pumpkins and fruit, and amusements for kids and grown-ups, and gadgets and machines—all sorts of interesting things.

But the Alameda County Fair has offered only race horses.

Horse racing and gambling are legal in California, of course, but in the public mind there is still the association of "big money" and consequently suspicion of "graft." Suspicion and insinuation have been freely tossed about by the metropolitan press of the county in recent weeks. But we don't want any part of this.

We want to look ahead toward Alameda County's having a real, honest-to-goodness county fair. You'll remember the movie, "County Fair." We want to see something like that, right here in our own county.

Toward this end the Niles Chamber of Commerce has been moving in the last three weeks. In some quarters, the efforts of this organization may have been misconstrued and unclearly represented.

Yet we believe that steps thus far taken by the Niles Chamber of Commerce are sound and that, out of the beginnings made by this small group of small business men in a small community, a move toward having a real county fair is beginning to make headway.

DIAMOND JUBILEE NEXT SUNDAY AT CORPUS CHRISTI

District No. 3 will hold its First District Communion in commemoration of the Young Ladies Institute Diamond Jubilee on Sunday, Nov. 17, at Corpus Christi Church, Second street, Niles, at the 8:30 mass. Reverend Timothy Hennessy, chaplain of De Guadalupe Institute, will furnish the singing and Mrs. Marguerite Crane will be at the organ.

Breakfast will be held at the Washington Union High School cafeteria under the supervision of Mrs. Nora Rogers of De Guadalupe Institute.

The guest speaker will be Miss Florentine Schage, grand secretary of the Young Ladies' Institute from San Francisco, and musical selections will be furnished by All Saints Institute of Hayward.

Those in charge of arrangements are Mrs. Laura G. Mayer, district deputy from De Guadalupe Institute, Niles, and the following Institute deputies: Miss Mary Foss from Hanna Institute, San Leandro; Miss Josephine Cummins of Meiler Institute, Healdsburg; Mrs. Kathleen Richey, Noel Institute, Oakland; Mrs. Irene Armstrong, Livermore Institute, Livermore; and Miss Alberta Peixoto, from All Saints Institute, Hayward.

The Institutes in the district are as follows: Livermore No. 44, Livermore; Hanna No. 68, San Leandro; De Guadalupe No. 74, Niles; St. Judes No. 163, Irvington; and All Saints No. 166, Hayward.

DECOTO NEWS

By ETHEL AVILLA

Keith Whipple, newly appointed Fire Commissioner for the Decoto Fire District, is succeeding Walter Walker, who held the position since 1934.

Six acres of brush land behind the Masonic Home burned on Wednesday, Nov. 6. It took two hours for the Decoto truck, assisted by one county truck from Hayward, to bring the fire under control.

Mrs. Walter Walker has sold her home here in Decoto to Mr. and Mrs. Decker of San Leandro, who have already taken possession.

Taking advantage of a two-day holiday were Mr. and Mrs. Charlie Nunes and family, who visited relatives in Stockton.

Mr. and Mrs. Lester Watkins entertained their Pinochle Club last Saturday night at their home on Tenth street. After sixteen hands of cards, the guests were treated with delicious pie and coffee. Mr. and Mrs. Harold Wallace again walked off with first and second prizes, while Tina Costa had to console herself with third. Mr. and Mrs. Homer Lewellen of Oakland, sister and brother-in-law of Mrs. Watkins, were guests.

Friends of Betty Brandt of Centerville and Tony Lopez of Decoto were very much surprised to learn of the couple's marriage in Reno on Nov. 6. Both of these young people are well known throughout the township. Betty is the daugter of August Brandt of Nebraska. She graduated from Washington Union High School where she became well known for her beautiful singing. She is now employed by the Telephone Company in Hayward. Tony is the son of Mr. and Mrs. Ralph Lopez. After graduating from Washington High, he served three years in the Navy as Yeoman first class. He is employed at the Fourth Street Market in Decoto. They will make their home in San Leandro.

The newlyweds, Tony and Betty Lopez, were entertained with a dinner at the home of Mr. and Mrs. A. L. Costa and family Tuesday evening.

Fred Costa is once again taking lessons at the Messner School of Music in San Francisco every other week. He has also taken over the jazz band formerly directed by George Dias of San Leandro. The band consists of several township boys. Betty Brandt Lopez is the vocalist.

FRIDAY REVIEW OF LITERATURE

By GRACE C. BLADE

THANKSGIVING DAY

This is one of our most joyous festivals and really carries the original sense of "feast." The religious nature of this celebration ties back to very ancient times and the wide-spread cult of the dead. In this, banqueting was a part of the ritual and there was believed to be communion with departed ancestors in the act of eating.

The ancient Canaanites held a festival at harvest time and the Hebrews continued it as their Feast of Tabernacles, when everyone lived in tents in memory of their former nomadic life.

The Greeks celebrated the Thesmophoria or Feast of Demeter and only married women participated, preparing and eating the sacred food.

In the English Harvest Home, the farmers furnished a feast for their laborers. Under Cromwell, there were more than 100 feast days throughout the year and they became very rough and boisterous. The austere Puritans were shocked and found the quiet religious fasts of Holland more to their liking. Their first winter in New England was severe and their first scanty harvest in 1621 was a cause for rejoicing. Governor Bradford proclaimed a three-day feast of thanksgiving and sent four men out "fowling" and "they foure in one day killed as much fowle as served the company almost a weeke." King Massasoit and ninety men brought in "five deere" and were entertained by the celebrating Puritans.

Centerville Library can help you with your fun: cook-books and stories, plays and poems for the day.

These appropriate books just received:

"Wilderness Adventure" by Elizabeth Page. Our ancestors in 1742. Based on an actual diary and full of wild adventures with Indian, French, British and Spanish enemies. A worthy successor to her best-seller, "Tree of Liberty," another picture of early America.

"Commodore Hornblower" by C. S. Forester. A still earlier story—England in the time of Napoleon. The fifth of this fine set, considered the best sea stories ever written. The very human commander who suffers from sea-sickness and conflicts over two women.

Also new mysteries, westerns and romances.

Recommended by Decoto Library

"Twenty Careers of Tomorrow" by Darrell and Frances Huff. All young men and women in the armed services are curious to learn what vocations are open to them. They know that scientists are developing new materials; geologists are discovering new supplies of metals; chemists are evolving new materials; artists are creating new designs; engineers are developing marvelous efficiency gadgets. What results will this activity have on jobs? Will it create more jobs than before? Will it create new jobs markedly different from those now in existence?

In this book they will find most of the answers. It tells what and where the jobs will be, the training needed, and what financial returns can be expected.

This is a conscientious effort to guide all those who will be making a vocational choice in the immediate post-war years—boys and girls now in school, men and women who went into uniform before their careers were begun or even decided upon—and all those whose jobs must be reconsidered in the light of a changing world.

The Spaniards introduced irrigation into what is now California a century and a half ago.

TOWNSHIP HISTORY

(Continued from page 1)

near the eastern edge of the valley. Sometimes they were united against other tribes; sometimes they were at war with each other. Indian burial mounds and "kitchen middens" or villages, are numerous in the township. One is on Mr. Munyan's farm, near his house; another is on the Wm. Haley place, and some are near Alvarado. When the Spanish came, a large Indian village stood on the Mosher farm on the road from Niles to the Mission; another was on Judge Tilden's place, near the lagoon, and a third was on the plateau of the Clark place, at the mouth of the Niles canyon. The sites of about a dozen villages have been located by antiquarians.

Possibly the region was at one time more thickly settled than when the Spanish came, but it never sustained a large Indian population.

MANY INDIANS BAPTIZED

Between 1802 and 1822 the Padres at Mission San Jose baptized 4,573 Indians. But in those 20 years 2,933 Indians died, and in 1822 the Mission had 1,620 remaining, including the old converts of the five first years from 1797 to 1802. Evidently many had returned to the freedom of savage life. In respect to numbers, however, the place in 1822 ranked as third among the California Missions, and in 1834, when it had 2,000 Indians, it still maintained its rank, being surpassed only by San Diego and San Luis Rey. Then the Missions were secularized. and the system fell so rapidly into ruins that six years later only 4,400 Indians could be found at the Mission San Jose.

Two of the most interesting things about "old Washington Township" are: (1) the extent to which the horticultural history of California had its beginnings here and, (2) the way in which, for a time, it dominated the rest of the country. Its horticulture began in and about the Mission, where grand old olive and pear trees still remain. Some of these are more than six feet in girth of trunk and were planted before the beginning of this century. Some grape vines of the same age are growing on the hill side. The once-famous fig trees, larger than any others in the state, have been cut down. Long before the discovery of gold, these Mission gardens were known to travelers and General Sutter used to send, for years, for grapes, pears and other fruits.

YANKS BEGAN NURSERIES

When Americans came they almost immediately began to plant nurseries and establish orchards. They brought trees from the east for a stock of new varieties, and they used the Spanish irrigation ditches. Cuttings from the Mission olive trees and vineyards were rooted by the thousand and sent into every mining town. One-year-old fruit trees sold for $5 each.

DECOTO MEMORIAL

(Continued from page 1)

devotion on the part of the living to carry out the principles for which they so gallantly fought.

"The fact that our uniforms are tucked away in moth balls does not lessen our obligation to our country and to the world. Today we are soldiers of peace. We have won the war, now let us stand shoulder to shoulder in winning a peace that all nations might live in a friendly atmosphere.

"The patriotic zeal evidenced by Mr. Pagan and his associates in creating this honor roll plaque is fitting evidence of the type of citizenry residing in Decoto.

" . . . In unveiling this Roll of Honor, may each name appearing thereon be a guiding star on the footpath to peace and an answer to a fervent prayer which is in the hearts of all mankind, a world peace," he added in conclusion.

Benediction was given by Rev. E. A. Groves of St. James Episcopal Church, Centerville, and the ceremony was closed with the playing of "America" by the high school band.

POPULATION TAKES JUMP THROUGHOUT TOWNSHIP

The population took a decided jump in Washington Township this past week with the birth of three babies.

To Mr. and Frank H. Gould, RFD Box 43, Niles, a son, Frank William, weighing nine pounds and seven ounces, was born in the Hayward Hospital November 6.

Two Decoto babies were also born at the Hayward Hospital. To Mr. and Mrs. Rene L. Cardenas a son, Rene Jr., weighing six pounds and five ounces, was born on November 7; and to Mr. and Mrs. Gilbert Martinez was born a daughter, Delia, weighing seven pounds and fourteen ounces.

JUDGE NORRIS TO HEAD NEW SCOUT COMMITTEE

Judge Allen G. Norris of Centerville was named chairman of the Boy Scout committee of the southern district at the annual meeting held Sunday afternoon at Bret Harte school in Hayward. Judge Norris succeeds Henry R. Gall of Hayward as committee head.

Marlin W. Haley of Hayward was named vice-chairman to succeed Joseph W. Stephenson and Joseph Schenone of Livermore was named district commissioner.

Members of the executive committee at large are Ed Enos, Niles; Maitland Henry and the Rev. William E. Clawson, Livermore; Ford Hudson, Pleasanton; Henry R. Gall, Forrest Lindsay and Joseph Koenig, Hayward.

The meeting was addressed by K. Leroy Hamman of Oakland, immediate past president of the Oakland Area Council of Boy Scouts, who outlined the job to be done by members of the district committee in the perfection of the scouting program in the southern district.

Decisions for activities adopted by the camping and activities session include the celebration of anniversary week, February 7 to 14, 1947, and participation in a council-wide Scout-O-Rama February 22. Also planned were a scout leaders' meeting in Los Mochos camp in March, a senior scouting party at Camp Dimond-O or Camp Los Mochos during the Easter vacation, troop camporettes to be held in May and a district scout camporee to be held within the southern district in June.

Stimulation of the summer camping program at Dimond-T on a district basis during the summer of 1947 was also planned by the committee, and a camporal will be held in October for those troops which qualify by reaching the camping objectives outlined by the committee.

Similar recommendations were developed by the training, advancement, organization and extension, health and safety sections of the meeting, and the committee meetings were followed by a coordination session of the entire group.

The Boy Scouts are an agency of the Washington Township Community Chest.

IRVINGTON STUDENTS ATTEND BROADCAST

Members of the eighth grade class of Irvington Elementary school visited San Francisco yesterday to attend the broadcast of the Standard School of the Air. Yesterday's broadcast was from Arabian Nights.

Following the morning broadcast the students had lunch and visited Golden Gate Park.

ANNUAL CHAMBER DINNER AT HIDDEN VALLEY

December 12 has been set as the date for the annual dinner meeting of the Warm Springs Chamber of Commerce.

The dinner, which will be held at Hidden Valley, will commemorate the first anniversary of the founding of the organization.

How to make a recipe fit what's on hand

Did you ever discover after you had started on a recipe that you didn't have all the ingredients on hand that the recipe called for? While it isn't wise to tamper with delicate or complicated recipes, there are some simple substitutions that may be made and the recipe will turn out practically the same as if you had the ingredients called for.

IF THE RECIPE CALLS FOR SWEET MILK—you may substitute for *each* cup: ½ cup evaporated milk diluted with ½ cup water **or** 1 cup sour milk or buttermilk plus ½ teaspoon soda. (If the recipe calls for baking powder, reduce the baking powder 1½ teaspoons) **or** 1 cup skim milk plus 2 teaspoons shortening or salad oil.

IF THE RECIPE CALLS FOR SOUR MILK—you may substitute for *each* cup; 1 cup sweet milk. Omit any soda called for in the recipe and increase the baking powder 1½ teaspoons **or** 1 cup sweet milk (or ½ cup evaporated milk diluted with ½ cup water) plus 1½ tablespoons vinegar or lemon juice. (Add vinegar or lemon juice to milk; let stand in warm place 15 to 20 minutes. Use the same as sour milk.)

IF THE RECIPE CALLS FOR LIGHT CREAM—you may substitute for *each* cup: 1 cup undiluted evaporated milk **or** ¾ cup milk plus 4 tablespoons shortening or salad oil. (Use this substitution only in cooked or baked recipes; in frozen desserts and molded salads the shortening or oil will separate.)

IF THE RECIPE CALLS FOR WHIPPING CREAM—you may substitute for *each* cup: ¾ cup undiluted evaporated milk plus 4 tablespoons shortening or salad oil, **or** ⅔ cup milk plus ⅓ cup shortening or salad oil. (Use these substitutions only in cooked or baked recipes; in frozen desserts and molded salads the shortening or oil will separate.)

IF THE RECIPE CALLS FOR UNSWEETENED CHOCOLATE—you may substitute for each 1-ounce square, ¼ cup ground chocolate **or** ¼ cup cocoa, plus 1½ teaspoons shortening.

IF THE RECIPE CALLS FOR COCOA—you may substitute for each ¼ cup or 4 tablespoons, 1 one-ounce square unsweetened chocolate. Decrease shortening by 1½ teaspoons.

Surprise Wedding Unites Local Couple

A surprise wedding in Reno on November 6 united two of the township's most popular young people, Betty Brandt of Centerville and Tony Lopez of Decoto.

The bride is the daughter of August Brandt of Nebraska. She graduated from Washington High school, where she became well known for her lovely singing voice. She is employed by the telephone company in Hayward.

The benedict is the son of Mr. and Mrs. Ralph Lopez. After graduating from Washington High, he served for three years in the Navy, and is presently employed at the Fourth Street Market in Decoto.

The newlyweds will make their home in San Leandro.

Spend Holiday In Sacramento

Mr. and Mrs. Arthur Belshaw of Centerville spent the three-day Armistice holiday visiting Mr. and Mrs. Morrison Smith at their Sacramento home. They motored up to the capital city in their new car, leaving the children home with their grandmother, Mrs. Mary Belshaw.

Niles Couple Returns From Southern Trip

Having returned this week from a six weeks' extended tour of the south and southwest, Mr. and Mrs. Al Juhl have settled down to the comparative quiet of life in Niles.

"Although we were warned about accommodations and food," said Mrs. Juhl, "we had wonderful luck with both. There was only one cabin that wasn't up to par."

Both the Juhls were impressed by the scenery they saw in Yellowstone, the Grand Canyon, Texas, Utah, Arkansas, and Louisiana. Two cities, especially, caught their imagination. One was New Orleans; the other Hot Springs, Arkansas. "You can't imagine the beauty of Hot Springs," said Mrs. Juhl enthusiastically, so enthusiastically indeed, that it is surprising that she ever consented to return to Niles.

The truth of the matter was, though, that both the Juhls were glad to return home, saying that for all the beauty they had seen, Niles still looks pretty good.

Niles Girl Celebrates Twenty-first Birthday

A party was given at the Lewis Lewis home in Niles on Saturday, November 9, in honor of their daughter, Loretta's twenty-first birthday.

The guests enjoyed dancing and parlor games, with a "Midnight Supper" being served later in the evening.

Those attending were: Pat Moll, Charlotte Lewis, Edna Lewis, Harold Burns of Niles; Lorraine Silva of Decoto; Shirley Kraft of Irvington; Walter Bertel, Otto Bertel, Art Brieder of Oakland; Jim Bush, Bill Lyle of Hayward; Jim Lynch of Washington, D. C.; Mervin Mattos of Waterford; Herman Silveira of Manteca; and Mr. and Mrs. Lewis Lewis.

Gormans Return from Eastern Trip

Back at their Niles home after a two months tour of the eastern and southern parts of the United States are Mr. and Mrs. A. W. Gorman. The Gormans went to New York via train, and returned in a Crosley car which they purchased en route. They visited all the larger eastern cities and spent several days in New Orleans. They stopped off at the Grand Canyon and had the opportunity of seeing the beautiful canyon blanketed in snow.

Niles Boy is Rushed to Hospital

Tommy Thatcher, 14-year-old son of Mr. and Mrs. Lawrence Thatcher of Niles, was rushed to the Hayward Hospital Wednesday night for an emergency operation for appendicitis. He is recovering nicely, and will soon be able to resume his activities with his twin brother, Jerry, and his other two brothers, Pat and Larry. His father is sales manager at the California Nursery.

Utah Guests Here

Mr. and Mrs. Gus Vouros of Price, Utah, were week-end visitors of Mr. and Mrs. Herbert Bessner. The two couples had not seen each other for ten years, and celebrated the occasion by having dinner at the International Kitchen.

RETURN FROM VACATION

Mr. and Mrs. L. J. Duffey have returned after spending a month in the south on their avacado grove in La Habra Heights.

Broun Family Has New Home

Finally located in the township after trying for several months to find a home is the Broun family, who are living in one of the new home on the Suhnell tract on Santos Road. Mr. Broun is associated with Judge Allen G. Norris in law. The couple, with their twelve-year-old son, formerly lived in San Rafael.

Irvington Couple Celebrate Birthday

Celebrating Mr. Manuel Guardanapo's birthday last Saturday night, the Guardanapos, accompanied by Mr. and Mrs. Arnold Souza of Oakland, and Mr. and Mrs. Joe Cordeniz of Tulare, "did" San Francisco. They had dinner at Fisherman's Wharf, then went to the Iinternational Settlement, and concluded the evening by going to the Top o' the Mark.

Vernon Ellsworth Returns from South

Vernon Ellsworth has returned to Niles after a motor trip to the southern part of the state. While there he attended the football game. He arrived home in time to preside over the annual U. C. alumni dinner which was held at the International Kitchen last night.

Denver Visitors

Mr. and Mrs. Theron Hale and daughter of Denver arrived in Niles this week to spend two weeks visiting the Walter Chryslers and the C. M. Hales at their Canyon Heights homes.

Entertains at Luncheon

Mrs. Carl Mohn, formerly of Irvington and now of Niles, entertained several Irvington women at luncheon at her home last Wednesday. Following luncheon, the women spent the afternon playing cards. Those present included Mrs. R. Wright, Mrs. John Jorgensen, Mrs. Laybourne, Mrs. Josh Chadbourne and Mrs. Lorin Mohn.

SON TO ED HASKELLS

Born to Mr. and Mrs. Ed Haskell in San Francisco, a boy. Mrs. Haskell, formerly Jeanne Catterlin, lived in Niles with her aunt and uncle, Mr. and Mrs. Lester Duffey. She also attended Niles Grammar School.

IRVINGTON SCHOOL ELECTION TODAY

Students of the four upper grades of Irvington Elementary school will hold an election today to name class officers and members to the student legislative body. Officers elected wil serve for the remainder of the school term.

CENTERVILLE COUPLE WED AT HOLY GHOST

Married last Sunday at the Holy Ghost Church in Centerville were Esther Barrera and Ignacio Amaya, both of Centerville.

Officiating at the ceremony was Father O'Kane. Velma Lewis played the nuptial music.

Thinking Things Over...

By VIVIAN BATMAN

MODERN LIVING

We stop to eat at a drive-in cafe
After seeing a drive-in show on the way;
We get our cokes at a drive-in bar—
Without setting foot outside of the car.
We'll soon get a drive-in permanent wave
And the male of the species a drive-in shave.
It's making us fat, and making us lazy—
This modern living—it's drive-in me crazy!

Now that I'm in a poetic mood (well, at least the words rhyme) I think I'll write another one for next week. I have already decided upon the first line, which is:

My circuits to Centerville are busy.

"Dizzy" would rhyme nicely, don't you think?

We now have another reporter. He has been here for almost two weeks now, so he could practically be called permanent!

He is an ex-Navy lieutenant, having served as a pilot in the war. He did "dumbo" work, which—if you are among the uninitiated—is rescuing shot-down fliers from out of the drink. He holds a pilot's license to fly any sort of a plane.

His war flying interrupted a newspaper career which started in Missouri. Now he is resuming it in Niles. He doesn't know it yet (sh-h-h) but facing the wrath of some of The Register readers when their names are misspelled (or worse, left out) is almost as bad as facing the flak of a Japanese gunner!

MYRTLE THE TURTLE

A friend of ours who was visiting in the South sent my 8-year-old son a turtle. She was about to send him an alligator—which was about the same size as the turtle—but upon finding that the alligator was apt to grow to be a very large alligator, she sent the turtle instead.

Now the turtle, who was named Myrtle, hopped out of his aquarium and is still roaming the premises. Everything in the house has been turned upside-down; but still there is no sign of Myrtle. This is a very sad situation. Myrtle is probably sulking in some out-of-the-way corner and will likely starve to death . . . even though Billy has opened every window in the house so the flies can come in! (Flies, you know, are to turtles what a hamburger or T-bone is to you.) Now, the house is so full of flies that our family is going to have to start hunting for another house.

Considering everything, an alligator might have been easier! At least, he would have grown to a size where he could no longer keep his whereabouts a secret. Now, Myrtle — well, Myrtle will always be a diminutive wench, even though, quite unawares, she consumes all these flies that are flying into the house in squadrons.

There is something terribly disconcerting in having an unknown PRESENCE in the house — even though it be only the presence of a turtle. Good heavens, Myrtle, WHERE ART THOU?

MORE RECRUITS ARE NEEDED FOR GRAY LADIES

Mrs. Margaret E. Jones, of Irvington, Mrs. Gladys Calhoun and Mrs. Nellie Talley of Niles are the new recruits in the Red Cross Gray Lady group who are assigned to the Veterans' Administration Hospital at Livermore, according to Mrs. Clarence Crane, Gray Lady chairman of Washington Township.

Mrs. Crane expressed her satisfaction upon the enrollment of these women, but stated that recruiting must continue for volunteers to enroll in the hospital and recreation corps.

The appeal for Gray Ladies came from General Francis W. Rollins, manager of the Hospital, who pointed out the need of the veterans who are long-time patients there for this service. There are over 400 veterans whose activities are limited, and whose only escape from boredom is provided by volunteer workers from like services.

Women between the ages of 30 and 55 are asked to call Mrs. Clarence Crane at Niles 3118 for an appointment for an interview. Time to give to the work and good health are requirements. Time spent at the hospital is 3 to 4:30 one day a week. Assignments are attendant for recordio and ceiling-reading machine, operating the 16 mm film projector, library attendant, staffing the recreation rooms and other details of recreation and comfort.

P.T.A. BENEFIT WHIST IS BIG SUCCESS

Centerville Elementary School P.T.A. wishes to thank all who helped make the benefit whist party, given on Friday evening, Nov. 8, such a big success.

A splendid sum was raised for the benefit of the school cafeteria.

TWO VACATIONS AHEAD FOR TOWNSHIP SCHOOLS

The school children of the township can look forward to two school vacations in the near future. The Thanksgiving holiday, shortened from the usual week-long vacation because teachers' institute was held at the beginning of the school year, will start on Wednesday, Nov. 27, school to take up again on the following Monday.

The Christmas holidays wil commence on December 23, with school convening again on January 3, making a two weeks' vacation for the youngsters.

SCHOOL PRINCIPAL RETURNS AFTER ILLNESS

Gus Robertson, principal of the Irvington Elementary school, was on the sick list last week, missing three days at the school because of an attack of influenza.

ENGLISH WIFE SUES FORMER NEWARK GI

A suit filed in Superior Court this week by Doreen Wycoff, an English war-bride who is still in that country, naming her husband, Donald Wycoff, formerly of Newark, as defendant, was dismissed yesterday.

Leroy Broun, Centerville, retained by relatives of Wycoff to act for the wife in the suit for the purpose of protecting the rights of the young child, stated that a settlement had been made.

In the suit Mrs. Wycoff had asked separate maintenance for herself and their year-old child, Donald Jr., and sought cancellation of a power of attorney given to Wycoff.

TWENTY YEARS AGO...

(From the 1926 files of The Township Register)

Miss Beatrice Ellsworth, whose engagement was announced, was the guest of honor at a showed given in the Rose Room of the Palace Hotel by Miss Anna Louise Oakley of Oakland.

The Women's Civic Club of Niles proposed a benefit card party to pay for a stretch of sidewalk fronted by the Southern Pacific railroad.

The Pac. Tel. & Tel. Co. completed a project in Centerville which represented an expenditure of $3,000.00.

FARM NEWS
AGRICULTURAL EXTENSION SERVICE

FARM COSTS AND PRICES

Some significant comparisons to illustrate the narrowing margin between farmers' high production costs and the prospect of lower prices for some of their 1947 products are supplied by Arthur Shultis, specialist in farm management of the Agricultural Extension Service.

Shultis says the U. S. Department of Agriculture reports farmers out-of-pocket costs in 1945 $6,200,000,000 in 1940. Of course, were $11,300,000,000 compared with part of this higher cost was because costs rose 60 per cent per unit of of increased quantity produced, but product during the five year period.

The war brought great increases in gross income of farmers, but costs rose greatly on equipment and supplies, and particularly on labor.

Farm labor is now receiving two and one-half to three times the pre-war hourly rate. Total labor costs rose more than wage rates because of lower efficiency, increased labor procurement costs, increased utilization of labor contractors, and higher housing costs. Farm wage rates are probably at their peak, Shultis says, but there will be great resistance to lower wage rates as the price of farm products decline.

Other costs of the farmer, such as machinery, equipment, building materials, fertilizers, and supplies will be higher in general in 1947 than in 1946.

POULTRY MUST COMPETE

Weaker prices for poultry products have reflected competition of other meats since the end of meat price controls, as shown by the California Crop and Livestock Reporting Service.

Meat supplies will not soon be plentiful, and the gradual increase in meat offerings may give the poultry producers a chance to adjust to this competition. Prospects are for good prices of both poultry and eggs during the present period of high consumer incomes.

The service reports conditions were favorable for commercial poultry over much of the nation this fall. Egg prices increased about 4.7 cents per dozen and chicken prices 4.1 cents per pound for the month of September over the same period in 1945. Producers in western states are still faced with high feed costs, although feed prices have decreased to some extent over the nation.

Eight per cent reduction of poultry in storage during September was in direct contrast to the usual increase of poultry storage during that month. The remaining storage is still a half larger than the October 1 average of the previous five years.

Pacific coast turkey storage stands almost one-fifth higher than a year ago.

ARMISTICE DAY DINNER SERVED BY LEGION

More than 100 members of the Washington Township Post No. 195, American Legion, veterans of World War I and II, met for a turkey dinner at Memorial Hall, Niles, on Armistice Day, Monday, Nov. 11.

George Bolis and Marston Dassel acted as chefs in preparing the six turkeys and all the trimmings. They were assisted by Jack Parry as first cook's assistant.

Commander L. A. Broun, Centerville, gave a short address of welcome to the members and their guests and introduced A. W. Ebright, honored guest of the day, who was a member of the original advisory committee in Washington Township.

OFFICIAL RETURNS

Claude M. Lyon has recently returned to Niles as assistant signal supervisor after an absence of a year in a similar position at Fresno.

Lyon will have charge of the maintenance and construction of signal apparatus for the Southern Pacific Company from Oakland to Tracy and Niles to Redwood City, and Elmhurst to Santa Clara.

Besides his railroad position, Lyon is vice-president of the Association of Railroad Maintenance of Way Supervisors on the Pacific System of the Southern Pacific, and is junior past commander of Washington Township Post, American Legion.

I HEAR TELL IN NEWARK . . .

By THELMA McNIEVE

When the wings of the Pan-American glided to earth at the San Francisco Airport on October 24, a dream of ten years came true for Mrs. Anna Peters! For among the passengers was her daughter, Mrs. Patricia Wickstead, and her two grandchildren, Katherine and Elizabeth. They arrived from their former home at Woodlawn Drive, Honolulu, Hawaii, where both Mr. and Mrs. Wickstead were employees of the O.A.A.U. Land Railroad Company.

Mrs. Peters was on hand to meet her family and after ten years of being separated mother and daughter had much to talk about. The happy reunion was climaxed by a family gathering at Pleasanton, where the Wicksteads will reside. Wickstead arrived by Clipper on Saturday, November 9, to join his family.

Attending the horse races at Bay Meadows on Tuesday and Wednesday of last week were Mr. and Mrs. Tony Martin. Mr. and Mrs. Wilard Raber and Joe Martin.

Mr. and Mrs. Frank Gygax were among the guests at the home of Mr. and Mrs. Fred Muller of Irvington on Wednesday evening, November 6, the occasion being a party for the Muller's daughter, Karen, who was two months old.

Mr. and Mrs. A. Aroz spent the week-end at the home of Mr. and Mrs. Jake Springer. While in Newark they also visited the Joe Dias family. Mrs. Aroz is the sister of Mrs. Springer and Mrs. Dias.

Pvt. Joseph Lopez returned to Camp Stoneman Saturday after a 13-day furlough. While at home, he claimed as his bride Miss Esther Orta, also of Newark. The young couple were married on November 2, in Reno. The new Mrs. Lopez will remain at home. Private Lopez is with the Infantry and prior to his furlough had been stationed at Ft. Bragg, North Carolina, for three months.

Now employed at the Newark Meat Market is Everett Alameda, of San Lorenzo.

A committee meeting of the Boy Scout Cubs was held at the home of Kenneth Foster on Thursday evening, Nov 7. The purpose of the meeting was to discuss future plans for the Cubs of which an additional 35 or 40 boys are expected. There is still an urgent need for den mothers without whom the club will not flourish. A den mother's duties would consist of devoting an hour a week to overseeing a limited number of boys who are given specific Cub work to do. The boys would gather in the yard, shed or any available outdoor place. Anyone interested in becoming a den mother may contact any one of the following committee members: Kenneth Foster, Ray Alberts, Al Harris, Bill Beck, Franklin Brown, who would appreciate three or more volunteers. On Friday, November 22, there will be a get-together of the Cubs, prospective Clubs, and their parents, held at the Youth Center on Elm street. Entertainment and refreshments will be provided.

The Cubs is a younger branch of the Boy Scouts.

Firechief Joe Pashote and Assistant Fire Chief Lawrence Costa accompanied by their wives, attended the 51st annual convention of the Pacific Coast Association of Fire Chiefs held at Long Beach, October 27-30, inclusive. On opening day memorial services were held for the departed members. Among the many topics discussed at the convention were "Leadership," "Residential Fires," etc. The "foursome" enjoyed a day at Catalina and visited the Lockheed Air Terminal at Burbank, where they were fortunate in seeing the largest transport airplane in the world, "The Constitution."

Edward Kettman Jr. has returned home from the Alameda Hospital, after an illness of several days. He will be confined to his bed for a week or more and is wished a speedy recovery by his friends.

Pvt. Lerman Benden has been a regular week-end guest of Mr. and Mrs. Ray Eagler this past month. He is stationed at Hamilton Field with the Air Corps and is awaiting the orders which will send him to Alaska. Benden is the brother-in-law of Eagler and makes his home in Spangler, Pennsylvania. Mrs. Eagler celebrated her 22nd birthday, Monday, November 11, with her family.

Mr. and Mrs. George Tosti attended the wedding of Mrs. Tosti's brother, Robert Knobles of Oakland, to Miss Helen Wacher of Berkeley, on Sunday, November 10. The bridegroom is the son of Mr. and Mrs. A. Knobles, residents of Newark many years ago.

Also witnessing the ceremony were Mr. and Mrs. Lawrence Costa, Miss Shyrle Costa and Miss Eleanor Freitas.

Attending the Stanford-Washington football game Saturday at the Stanford stadium were Vicki Meneze, Emily Leal and Edna Leal. After all the cheering, dinner was enjoyed at Bal Tabarin in San Francisco.

NILES COUPLE NEW HIGH OFFICERS IN EASTERN STAR

Elected as the new worthy matron and worthy patron of the Orient Chapter, Eastern Star, last Wednesday night were Mr. and Mrs. Henry Vervais of Niles.

Mrs. Florence Myrick will be the new associate matron and John Brahmst the associate patron.

Mrs. Fern Mitte, who has been secretary for 30 years, was re-elected, thus embarking on her 31st year. Sadie Hodges was elected treasurer; Dora Mae Scudder, conductress; and associate conductress, Ernestine Brewer.

Installation will take place some time in December.

Preceding the election of new officers, a pot luck supper was held.

IRVINGTON SEVENTH GRADE WINS P.T.A. CONTEST

Announcement was made this week that the seventh grade of the Irvington Elementary School took first place honors in the month-long Parent-Teacher Association membership drive. The class worked under the supervision of Miss Irma Bond, seventh grade instructor.

Total membership of the association is now 225, showing an increase of 50 members during the drive.

STORM WARNINGS *are flying!*

IF YOU'RE a sailor you know that these flags mean a storm is on it's way. Get ready for dirty weather.

There are storm warnings for motorists, too. They're the pages on the calendar. They say that cold weather is on the way. Winter can be very tough on your car — or very easy. It depends on the service it gets NOW. Now is the time to fix little ailments before winter turns them into big ones.

Our service is economical because it is specialized. We have tools and equipment specially designed for servicing your DeSoto or Plymouth. We have factory-engineered and inspected parts. Our men are highly trained. They know best how to safeguard your car.

How 23,000 new jobs were born

To grow with the West . . . to build and maintain the finest possible telephone service for you . . . a good sized army of men and women is already at work, and more are pitching in every day. In the last five years, we have added more than 23,000 new employees—our total force is now more than 63,000.

It is our purpose to provide telephones for everyone who is waiting just as rapidly as we can and to build an ever-expanding, ever-improving service for the West. Our gross plant construction will aggregate $130,000,000 for this year and, as now visualized, it will exceed $200,000,000 for 1947. It's a big job, but you can be certain we're going ahead fast.

Today, telephone calls on the Pacific Coast have reached a record high of 17,400,000 a day, and until we can get and install all the equipment we need there will sometimes be delays in service. We want you to know we will do our utmost to keep them at a minimum and to hurry the day when service will be even better than ever before.

An ever-improving telephone service *at the least cost consistent with good wages and working conditions for our employees and a reasonable return to the thousands of people who have invested in the business.*

The Pacific Telephone and Telegraph Co.

LEGAL NOTICE

IN THE SUPERIOR COURT OF THE STATE OF CALIFORNIA, IN AND FOR THE COUNTY OF ALAMEDA
No. 198875
SUMMONS
ELISEO NAHARRO, Plaintiff
vs.
HENRY BROWN, J. C. H. EGGERS, also known as J. H. C. EGGERS, JOHN C. SPATZ, MARIA MAGDALENA SPATZ, JOEL S. SCRIBNER, ISADORA JOYCE, formerly ISADORA SCRIBNER, also known as DORA SCRIBNER, LEWIS C. SMITH, LUCIEN B. HUFF, HENRY HAHN, HENRY C. SMITH, MARY A. SMITH, MANUEL A. SILVA, M. A. SILVA, EDMUND CHAUNCY, JOHN R. WARES, ALBERT E. CRANE, ISABELLA FOSTER, also known as ISABEL JESUS FOSTER. HENRY MAY, CATHERINE LISTON, and also all other persons unknown, claiming any right, title, estate, lien or interest in the real property described in the complaint adverse to Plaintiff's ownership, or any cloud upon Plaintiff's title thereto, Defendants.

The PEOPLE OF THE STATE OF CALIFORNIA SEND GREETINGS TO:
HENRY BROWN, J. C. H. EGGERS, also known as J. H. C. EGGERS, JOHN C. SPATZ, MARIA MAGDALENA SPATZ, JOEL S. SCRIBNER, ISADORA JOYCE, formerly ISADORA SCRIBNER, also known as DORA SCRIBNER, LEWIS C. SMITH, LUCIEN B. HUFF, HENRY HAHN, HENRY C. SMITH, MARY A. SMITH, MANUEL A. SILVA, M. A. SILVA, EDMUND CHAUNCY, JOHN R. WARES, ALBERT E. CRANE, ISABELLA FOSTER, also known as ISABEL JESUS FOSTER, HENRY MAY, CATHERINE LISTON, and also all other persons unknown, claiming any right, title, estate, lien or interest in the real property described in the complaint adverse to Plaintiff's ownership, or any cloud upon Plaintiff's title thereto, Defendants:

You are hereby directed to appear and answer the complaint filed in the County of Alameda, in an action entitled as above, brought against you in the Superior Court of the State of California, in and for the County of Alameda, within ten days after the services on you of this summons—if served within said County, or within thirty days if served elsewhere.

The object of said action is to obtain a judgment and decree of said Court adjudging and declaring that neither said defendants nor any of them have any right, title, estate, lien or interest in, to or upon the real property in said complaint and hereinafter described, or any part or portion thereof, adverse to plaintiff's ownership, or any cloud upon plaintiff's title thereto and that the title of said plaintiff in and to said real property and every part and portion thereof is good and valid and that said plaintiff is entitled to have said title quieted against said defendants, and each of them, and that said defendants, and each of them, be forever enjoined and debarred from asserting any claim whatever in, to or upon said property, or any part or portion thereof, adverse to said plaintiff, and the premises affected by this suit are situated in the County of Alameda, State of California, and are bounded and described as follows, to-wit:

REAL PROPERTY in the Township of Washington, County of Alameda, State of California, described as follows:

PORTION of Block 35 and a portion of Smith Street (abandoned), as said block and street are shown on the "Map of Alvarado the County Seat of Alameda Co.", filed July 21, 1860, in Book 17 of Maps at page 54, in the office of the County Recorder of Alameda County, described as follows:

BEGINNING at the intersection of the center line of Smith Street, 60 feet wide, with the western line of Levee Street, 60 feet wide, as said streets are shown on said map; and running thence along said line of Levee Street south 00° 00' 50" west 98.43 feet; thence north 89° 59' 10" west 119.25 feet; thence north 19° 12' 40" west 71.98 feet; thence north 88° 03' 10" west 8.87 feet; thence north 1° 39' west 8.93 feet; thence north 19° 25' 35" east 22.52 feet to a line drawn north 89° 51' 10" west from the point of beginning; thence south 89° 59' 10" east 144.59 feet to the point of beginning.

You are hereby notified that unless you appear and answer as above required, the said plaintiff will take judgment for any money or damages demanded in the complaint as arising upon contract or will apply to the Court for any other relief demanded in the complaint.

WITNESS my hand and the seal of the Superior Court of the State of California, in and for the County of Alameda this 8th day of November, 1946.

NEW MEMBERS TAKEN INTO LAURA LOMA

Friday, November 8, Laura Loma Parlor, Native Daughters, held special initiatory ceremonies initiating four new members as follows: Mrs. Lola Tyson, Mrs. Anthony Fields, Mrs. Joseph Rose and Mrs. Richard Davis.

In their honor, the hall was beautifully decorated by Mrs. Joseph Gomes in the autumn motif, using autumn leaves and chrysanthemums in the lovely autumn colors. Delicious refreshments were served by the following committee: Mrs. Norman Rose, chairman; Mrs. Mae E. Moore, Mrs. Leontine Rose and Miss Patricia Rose.

One of the highlights of the evening was the presentation of a Past President's pin to the retiring recording secretary, also a past president, Mrs. Ethel Fournier. Mrs. Fournier has been past president for 25 years and is also a charter member of Laura Loma Parlor. The presentation speech was ably given by Mrs. Rose Stearns.

Members are endeavoring to dispose of $50 worth of Homeless Children Baby Stamps and will appreciate the assistance of anyone interested in making a contribution to this worthy project. Anyone desiring to help with this work, kindly contact Mrs. Ivy Cull or Mrs. Clarence Crane.

At each meeting a "Silver March" is held to provide a fund which will be contributed to the Sesquicentennial celebration of Mission de Guadalupe. Mrs. Moore, one of the charter members, has recently found a newspaper account showing that this parlor along with the Native Sons contributed $3,000 to the Mission de Guadalupe many years ago.

The next social event will be a birthday dinner at Melvini's in San Jose honoring six members whose birthdays occur during the month: Mrs. Mae E. Moore, Mrs. Ivy Cull, Mrs. Rose Stearns, Mrs. Leontine Rose, Mrs. Mary Barnard and Mrs. Clarence Crane.

The December social will be a Christmas party for the members at I.O.O.F. Hall with President Catherine Plumb and Mrs. Mary Barnard in charge.

LEGAL NOTICE

LIONS CLUB PLANS BENEFIT WHIST FOR DECEMBER 6

The Centerville Lions Club is planning for the big benefit whist party to be given in the Washington Union High Scvhool gymnasium, Centerville, on Friday evening, Dec. 6.

Jack Holland, in charge of prizes, states there will be many fine prizes.

A. E. "Tony" Alameda, Walter Connolly and Bob Moore, who are in charge of tickets, say that advance ticket sales indicate a large crowd will be present.

Other Lions on the committee are Tom Maloney, Art Belshaw, Art Cotton, Loren Marriott, Erle Hygelund, Tom Silva Jr., Louie Cardoza, M. W. Lewis, Joe Adams, Fred Rogers, M. F. Silva, Ed Rose, Manuel Vierra, Dr. Elmo Grimmer, Jimmy Collins, Kurt Suhnel, Henry Enos, Frank Katzer and Ed Richmond.

NILES GIRL IN AIR PERFORMANCE LAST MONDAY

Miss Gayle Maphet of Niles was one of three girls chosen from a long list of applicants to appear on the San Jose State Radio Guild Armistice Day program last Monday over station KLOK. Six young men, also chosen from a large group, were also on the program which was entitled "America is Freedom."

The Radio Guild, a newly-organized group of talented young people specializing in dramatics and radio work, plans to give further programs in the future over various radio stations.

Miss Maphet, who is majoring in speech arts at San Jose State, is the daughter of Mr. and Mrs. G. D. Maphet of Niles. Contrary to the experiences of many others performing for the first time over the air, Miss Maphet was not hit by "mike fright," but went through her lines with a creditable amount of ease and poise.

Mr. and Mrs. Frank Brabant and children of Hurlong, Calif., spent Armistice Day visiting friends at Irvington. The Brabrants are former residents of that community.

IRVINGTON HOST TO HONOR COURT

A Boy Scout court of honor will be held at the Elementary school in Irvington Thursday evening, Dec.5, with George Coit of Centerville and Ray Benbow of Irvington in charge.

Participating in the event will be troops from Niles, Newark, Centerville, Decoto and Irvington. Special awards, medals and merit badges will be presented during the ceremonies.

Parents of the scouts are invited to attend this important function of the scouts of the township.

TILL-MASTER One Trip does 3 jobs — PLOWS DISCS HARROWS

You've Read about it, Heard about it.

Rotary Tiller

NOW IT'S HERE

Build Up Your Topsoil and Yields with Till-Master Tilling

Controls Erosions — Makes Better Seed bed — Results in Better Crops

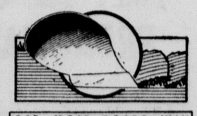
Till-Master Tilling will reestablish the organic content of your soil — restore plant nutrients.

Tilt-Master Tilling will stop humus depletion, minimize leaching and erosion — and keep your topsoil where it belongs — on top!

The Till-Master will save your time, money, and top soil. See it today!

SEE IT HERE GET THE FACTS!

NEW TILL-MASTER WAY
Cover crops, "trash," etc., chopped fine and evenly mixed into the thoroughly crumbled soil serve as a binder to prevent erosion . . . decay quickly, making abundant plant food in the root zone.



OLD MOLD-BOARD WAY
Vegetable matter and fertilizer buried whole at the plow sole—decays slowly—holds moisture and plant-food below root level—often encourages erosion.

Till-Master is a product of Climax Industries Inc., Clinton, Ia.

NEWARK SCHOOL NEWS

By Beverly Neves

Monday night, October 28, the Girl Scouts of Newark had their Haloween party. The following games were played: Passing the Apples, Passing the Pumpkin. After the games were played, refreshments were servd. The meeting lasted from 7 to 8:30 p.m. The evening was enjoyed by all, and we hope to have another party as enjoyable as this one in the near future.

November 6 the photographers came and took pictures of all the children in the Newark school. The students were called in by grades. The photographer was Mr. Stevenson.

Mr. L. W. Reinecke gave helpful hints to good reading one day last week. He followed it by coke and cookies which was also appreciated.

The Newark school has completed an inter-class touch football tournament. The teams included are grades 5, 6, 7 and 9. The 7th grade defeated the 8th graders in a close contest to win the championship, 24-18.

The eighth grade girls defeated the seventh grade girls 2 out of 3 in a volley ball tournament. The first game score was 15-5 and the second ended in a close 15-13.

Centerville School News

By Barron Holland

On Wednesday afternoon, Nov. 13, a meeting of fifth, sixth, seventh and eighth grade teachers of Washington Township was held at the Centerville Elementary School.

The results of the tag football tournament, sponsored by the Hayward Recreational District and the Alameda County Schools, were: Centerville, second place; Bret Harte, first; and Ashland third. The finals were played at the Oakland Speedway. Irvington played Ashland and the score was 18 to 6 in favor of Ashland. Centerville played Bret Harte with a score of 18 to 6 in favor of Bret Harte.

On Friday, Nov. 8, Mr. Lykins and Miss Sabatini from the Alameda County Superintendent's office, came to the Centerville Elementary school to hear the students of all grades sing.

On Friday night, Nov. 8, the P.T.A. card party was held in the Centerville Elementary school auditorium. We wish to thank all of the people who, with their cooperation, made it a success.

Mrs. Kennedy is substituting for Miss San Filippo as the fifth grade teacher. Miss San Filippo has a cold.

TRUSTEE ASSOCIATION MEETING IS CALLED

A meeting of the Alameda County Trustee Association will be held at the Castro Valley school on Thursday evening, Nov. 21, at 6:30, it was announced this week by A. E. Alameda, president.

B.P.W.C. SHOW IS VOTED A HUGE SUCCESS

Those who were unable to attend the hobby show last Tuesday night, staged by the Business and Professional Women's Club, missed an outstanding event.

Many lovely antiques including dishes, glassware, buttons, pictures, books and furniture were put on display at the high school, where close to a hundred spectators swarmed around the interesting exhibits.

Feeling that the project was a great success, the members of the club are now looking forward to their Christmas party which will be held on the night of Dec. 9. At this time, several new members will be taken into the organization.

CLAYTON GEORGE ON WAY TO MANILA

Seven days at home wasn't very long, but Pfc. Clayton George, son of Mr. and Mrs. Frank George of Niles, was happy to have even that brief respite from Army chores.

He arrived home from Ft. Monmouth, New Jersey, on October 26, spent seven days visiting his family and friends, then left on Tuesday morning for Manila, where he will serve in the Signal Division of the Army Air Corps. He has been in the Army since February.

NILES CHILDREN MAKE GOOD SHOWING IN PARADE

After a lapse of several years, the Niles Pet Parade was revived last Friday afternoon.

Led by the high school band, resplendent in its uniforms and shiny instruments, the youngsters marched four abreast up Main street with an assortment of pets that included everything from a mule to a turtle.

Some children were in uniform; some were not. Some had pets; and some had no pets. But they were all proud and thrilled to be marching down Main street with their parents, also proud and thrilled, watching them from the sidewalks.

Many blue ribbon awards were made to the youngsters for the showing they made in the parade.

DEMAND FOR CLAY PIPE INCREASES, STATES MAYS

George Mays of the California Pottery Company has just returned from Los Angeles where he represented his firm at a meeting of the National Clay Pipe Manufacturers, Inc., an association of 44 leading companies in the clay pipe industry.

Mays said, "Discussion of housing construction problems and the tremendous demand for clay pipe in sanitary sewer and drainage lines from new houses was one of the major objectives of the meeting. Reports from our Washington representative were favorable on this subject. They disclosed that latest government reports show considerable progress by the clay pipe industry in stepping up production to meet the tremendous requirements for this critical building material."

According to Mays, representatives of the various manufacturers throughout the country are working together and pooling their knowledge of production short-cuts so they can increase output of badly needed clay pipe as much as possible.

DEADLINE TODAY FOR FILING FOR POTATO ALLOTMENT

Friday, Nov. 15, is the deadline date for filing notice with your county agricultural office of your intention to come under the 1947 Potato Allotment Program. Individual farm allotments will be established based on personal and land history for the past three years. Only those growers who keep their plantings within their allotted acres will be eligible for price support on their 1947 crop of spring and fall potatoes.

Compliance with the individual farm allotment is entirely voluntary, but in the event the market falls below 90 per cent of parity, growers who exceed their acreage goals will not be eligible for price support.

NEW STORE WILL OPEN IN NEWARK

Wes Sears, Newark hardware and appliance dealer, announced yesterday that the new Sears and Huston store, located next door to the post office on Thornton ave., Newark, will be formally opened Saturday, Nov. 23.

Sears stated that opening-day plans are still pending but he indicated that there will be many surprises and specialties for the first-day visitors to the new store. The store will carry a complete line of hardware, home appliances, toys and paint.

CHRISTIAN SCIENCE SERVICES

"Thou art no more a servant, but a son; and if a son, then an heir of God through Christ" (Galatians 4:7). This is the Golden Text for the Christian Science Lesson-Sermon for Sunday, Nov. 17, on the subject "Mortals and Immortals."

The following citation is taken from the sermon:

Isaiah 63:16. "Doubtless thou art our father, though Abraham be ignorant of us, and Israel acknowledge us not; thou, O Lord, art our father, our redeemer; thy name is from everlasting."

Death Valley National Monument contains 2981 square miles, 500 of which are below sea level.

SCHOOL LIBRARY PLAN DISCUSSED

A meeting of the Southern Alameda County Principals Association was held at Washington Union High School Wednesday night for a discussion of the new Alameda county school library.

Dr. James H. Williams, assistant superintendent of schools for Alameda County, gave a talk on what is expected in the way of lining up a building for the library for the schools.

Miss Joy Belle Jackson, Alameda county librarian, gave a talk on the books now in stock and expected and how the availibility of the books will benefit the elementary and high school students.

Harold Schonefeld, county supervisor of physical education in the school system, emphasized the importance of coordinating the dates and events that are to take place in inter-school athletics.

A committee was appointed at the meeting to work with Schoenefeld in coordinating the athletic program. Named on the committee were: Gos Robertson, Irvington; Guy Householder, Pleasanton; F. J. Kiesel, Hayward; R. Vejby, San Lorenzo; and E. C. Ingraham, Mt. Eden.

A committee was also named to study the state apportionment under the new Amendment No. 3 to the state constitution which was recently passed by the voters of the state.

Selected for that committee were: Orville Blous, San Lorenzo Village; Guy Householder and Vic Johnson, Pleasanton; Wilda Mette, Russell City; Jack Rees and O. B. Paulsen, Hayward.

Approximately 60 members of the association attended the meeting. Dinner was served in the school cafeteria by the girls of the school home economics class under the direction of Miss King.

GIVE BENEFIT PARTY

The Warm Springs Fire Department will hold a benefit card party at the Warm Springs grammar school on the night of December 13.

HIGH P.T.A. SETS DATE FOR BIG ANNUAL PARTY

An interesting and informative talk by Vice-Principal Warren Gravestock of the high school, was given last night at the regular meeting of the high school P.T.A.

Gravestock's talk, the subject of which was "Standards and Requirements of Our School," dealt with entry requirements of bay area colleges and how Washington High is equipping the student to meet those requirements.

The business conducted during the evening centered around a discussion of the annual football dinner to be held on December 4 at the high school, with Mrs. Calhoun as chairman, and the annual benefit public card party, which will be held on January 23.

"CHICKEN IN THE ROUGH" NOT FOR DOGS

Mr. and Mrs. John Faria of Fremont avenue, Centerville, went out to their chicken pens one morning recently to find that five of their laying pullets were missing. It was obviously the work of some four-legged vanday or vandals.

So that night the Farias made elaborate preparations for foiling any further efforts of any thieves who had designs on their fowl. They set traps.

The next morning they found that they had trapped two dogs. The owner of one of the dogs paid for the pullets, but not without giving his dog a man-to-dog talk on the difference between getting rough with chickens and "chicken in the rough," neither of which, he asserted, were designed for a "dog's life."

Measuring the needs of tomorrow with a $160,000,000 YARDSTICK

Men and machinery are at work in nearly every section of Northern and Central California on P. G. and E.'s long-range construction and improvement program.

The Company is spending $160,000,000 in a three-year expansion program, largest construction undertaking in its history. We served the excessive wartime load; we are meeting the great postwar industrial expansion; and now we are building to serve the even greater California of tomorrow.

Here is a true yardstick of business progress—$160,000,000 going to work in many communities—in *your* community. It will provide electric power to drive more machines, to produce more work, to permit more industrial and commercial expansion, and to serve a rapidly growing population with dependable power at lowest rates.

This vast program is more than a stockpile of work built up during war years. It is a long-planned, long-range program in a continuing policy of building ahead to measure the needs of tomorrow.

New power projects in the construction program will add more than half a million horsepower to your electric company's interconnected transmission system. Thus, P. G. and E. will give Northern and Central California a power pool of 3,109,636 horsepower by the end of 1948—one of the largest reservoirs of electric power in the world!
